

Living Memories

As human beings, we need to keep our memories. They remind us of our loved ones and all the important moments in our lives. This is why we keep them carefully in our hearts and materialize them into lovely symbolical artifacts. Photographs, talismans or beautiful jewelry, they all become the bearer and keeper of our memories, having an incalculable value for us. With their help we can follow our beloved on their journey of life, from their birth to their last resting place. They commemorate our loved ones, our animal fellows and all the special moments we spent together, keeping our memories alive.

In Memory Crystal we strongly believe it is essential to take care of our memories and provide them with a calm and dignified place where they can stay forever. We transform your memories into lovely, breathtaking and very personal keepsakes. A single touch will bring all that heart-warming memories back. Each piece of Memory Crystals is original and unique, just as the person it reminds us. It gains its immeasurable value just because the love in your heart.

MEMORY[®] CRYSTAL

Memorial Crystals are made as a combination of a premium quality Bohemian crystal and a small amount of your deceased **loved one's ashes**. Fine decorations combined with ashes turn into an exceptional and unique article immortalizing the memory of your lost loved one.

Collection BEADS

Beads with a symbolic amount of ashes are made by a hand process using the glass bead wounding technique. The bead may be worn as a pendant on a chain round the neck or as a wrist bracelet. Beads worn as a wrist bracelet have fitting made of premium **silver 925/1000** and their glass may even contain **24-carat gold**.
With each bead you can order a wrist bracelet or a chain.

Collection *See You*[®] MEMORIAL JEWELRY

Elegant jewelry from **See You collection** with fused-in ashes or locks of hair in a special resin represent the smallest item to keep your loved ones' memory alive. Wide range of options, premium quality of processing, various precious metals and individual resin colors to meet the client's needs are the main advantages of this collection. Some pendants may be worn in two different ways - with a visible side of resin to the front or hidden to the back.

Accessories and others

GALAXY OF MEMORIES

A hand-painted picture combined with the technology of optical fibers evoking the sky full of shining stars. **The brightest star** is made of **crystal** and a small amount of **cremated remains**.

Over time more stars may be added to the picture.

The painting is enhanced by a pleasant ambient **LED lighting** in the frame.

code **GM-1**
